

ACTIVITY DEBRIEF

NAME OF THE ACTIVITY: Creative hands

DATE HELD: 8th-12th July 2019

PERSONS RESPONSIBLE:

Ms. Anjali Ms. Monica Ms. Ritu

OBJECTIVES OF THE ACTIVITY:

To help the children use their creativity and imagination and make different things using various mediums of art.

BRIEF DESCRIPTION:

The students of Grade 1 were involved in various creative hands on activities throughout the week to enhance their imaginative and thinking skills. On day 1, they participated in a 'Green fingers' activity in which they planted seeds with the help of Grade 8 students. They talked about the process of planting a seeds, its growth and also the importance of plants for the environment. They also participated in a quiz post the panting activity. On day 2, the students made a butterfly using paper folding and pasted the butterfly in their own garden scene. On day 3, the students did a nature printing collecting various items from the garden and using them to create their own piece of art. On day 4, the students created a hand puppet using colourful socks, googly eyes and strands of wool. On day 5, the students culminated the activities of the entire week and went to each other's class for a presentation.

WHAT WENT WELL?

The students were able to use their creativity to create various things. The learning about the plants and its growth went off well and the students realized that plants are very useful for the environment and they should take care of the plants regularly.

SUGGESTIONS FOR IMPROVEMENT NEXT TIME THIS ACTIVITY TAKES PLACE:

The activities can be more challenging and student led.
