OBJECTIVES OF THE ACTIVITY:

- € To make learning more meaningful and experiential
- € To ensure children have an awareness of our capital city.
- € To enable the students observe and comprehend, the important places of Delhi.
- € To ensure that student can relate the lessons taught in class with the surroundings.

BRIEF DESCRIPTION:

As part of the Social Science curriculum of Grade 3, students study about various monuments in Delhi. To make the learning more meaningful and experiential the students were taken on a trip to City Tour (Delhi Darshan). It was a wonderful experience for the children to discover the facts and know more about Delhi as a capital of our country India.

WHAT WENT WELL:

- Children were thrilled to see the rich heritage, ministerial bungalows, Gyaarah Murti, Teen Murti, Rashtrapati Bhawan and greenery at Shanti Path.
- The most exciting thing for the children was the short stay at Humayun Tomb among others. They were also amazed at the architecture, and beautiful features of the tomb.

- Students were curious to know more about the buildings that we were coming across like National Gallery of Modern Art.
- Students ability to relate the lessons learned in the class with the places they visit.

SUGGESTIONS FOR IMPROVEMENT NEXT TIME THIS ACTIVITY TAKES PLACE:

The trip needs to be planned in the November, early December when the weather is pleasant.

EXPERIENTIAL LEARNING - Always an excitement.
