Dear Parents (Grades VI-IX),

Greetings!

*Every day is a new beginning and an opportunity too; to learn new things, make new choices and take informed decisions.*

The students of RVS are presented with a global opportunity to take positive action for life on our planet. WWF India brings to us the brand-new avatar of the Wild Wisdom Quiz- "The Wild Wisdom Global Challenge 2021".

This challenge will take children through the journey of exploration, understanding and taking action to build a sustainable planet.

In 2021, in association with CBSE, this challenge will engage over 250,000 students from across the globe to be informed and get inspired to contribute towards going Net Zero, Revive the Oceans, Eliminate Waste and Re-Wild the World. Students will get an opportunity to be the country flag bearers and represent their school and the country at the International Finale.

WWF India will offer exciting engagement activities such as state level live practice quizzes, e- newsletters and virtual assemblies to prepare the students to ace the challenge rounds and make it to the International Finale.

Apart from winning exciting prizes at State, National and International Level, the top performing team will get an exclusive opportunity to interact with the Chess Grand Master, Viswanathan Anand.
