Dear Parents,

I am delighted to have taken over the position of Chairperson and Executive Director of DLF Foundation Schools and Scholarship programmes.

I am really looking forward to interacting with you.

I have always believed in a strong parent school partnership in all aspects of school life. Once a child enters school, a lifelong dialogue is initiated. I seek your support and trust as we begin a new journey together for the wellbeing of our children.

I plan to meet with you online / offline depending upon the situation to understand your aspirations and needs vis a vis the children, so that we can work together through innovative practices, a collective cultural consciousness, a creative learning model into the school space.

Keep the faith!!!

Warm Regards
