

## **ECO CLUB ACTIVITY**

**Date of Event: 13<sup>th</sup> July,2020**

**General description about the activity.**

### **Plan for First Session**

We started the activity with interactive session with children and talked about why we have Eco club in our school. what is their role in eco club?

### **Plan for second session**

We started the activity with interactive session and talked about the conservation of various resources followed by quiz on the same topics.

2. We also talked about soil composting and showed them how to make manure with kitchen garbage at home.
