RIDGE VALLEY SCHOOL

RVS/CIR/111/2021-2022   14th SEP 2021

HINDUSTAN TIMES- CODE- A-THON (CLASSES IV-IX)

Dear Parents (Grades IV-IX),

Coding, the language of the future, is a mandatory skill set that is required for students to succeed in the 21st century. Coding improves problem-solving skills, structural thinking, creativity, logical thinking, tech savviness and overall academic development. HT Code-a-thon provides the perfect environment to develop coding skills, with loads of interesting opportunities for budding young coders!

Learning Modules:

- Classes IV & V- HT Code-a-thon: App Development
- Classes VI-VII- HT Code-a-thon: Website Design
- Classes VIII-IX- HT Code-a-thon: Game Development

HT Code-a-thon, the Global Media Award winning competition, is one of India's largest Coding Olympiads, where school students learn coding, showcase their talent and win exciting prizes!

Certifications & Awards

- Code-a-thon Champions will be given large promotion via the Hindustan Times network on Print, Digital, Social Media, Radio, etc.
- Grand Prizes for the Code-a-thon Champions include Laptops, Tablets, Smartwatches, and others.
- Students will get a certification of completion and other exciting prizes upon completion of the course.
- Every registered student will receive a certificate of participation.

Steps to Participate

Step 1 : Login to the following link and select the category you want to enroll to:

https://htschool.hindustantimes.com/code-a-thon
