### **MUN & LITERATURE CLUB (SUMMER CAMP)**

Dear Parents (Grades IX & XI),  
Greetings !

***Shall I compare thee to a summer's day?" —William Shakespeare***

Exemplified by Shakespeare's quote; so simple yet speaking volumes, is a season so naturally associated with euphoria. Yet, as we experience another year in absence of the familiar buzzing and glossary of exciting ideas, we provide our students with an opportunity to keep the spirit alive.

RVS brings to you 'I – INSPIRE: Season 2'. The Summer Camp will include Model United Nations and Literacy Club for the students of Grades IX and XI that will help the students develop important and empowering skills such as advanced communication skills, knowledge on current affairs and learning, while keeping the integral social interaction alive.

The **MUN** and **Literature Club** are a *student-led initiative* volunteered by some students of Grade XI. Student-led initiatives promote leadership, social skills, responsibility for actions, respect and prove to be an enriching learning experience.
