STRATEGIES FOR SUPPORTING STUDENT PROGRESSION TO HIGHER EDUCATION IN PANDEMIC TIMES

Dear Parents (Grades XI, XII and Session 2020-21 XII)

The Pandemic has been most unsparing in impacting lives of everyone from Heads of State to men on the streets. However, the last few months have been specially tense for **Class XII students**. Thankfully, while the uncertainty over conduct of examination is over, the absence of nitty-gritty as to how they will be academically judged, and how it will impact their admissions into colleges/universities, have added a new dimension, thus accentuating their worries further. A right advice at this critical juncture from schools and universities can make a world of difference to the admission seekers and their parents.

To bring in clarity to various doubts and questions Amity University is organising a two day workshop on 12th & 13th June 2021 to deliberate on ***“Strategies for Supporting Student Progression To Higher Education In Pandemic Times”*** as per following details:

Day	Time	Link
Day 1: Saturday, 12th June, 2021	10.00am – 1.30pm	https://amityuni.live/81360882105
Day 2: Sunday 13th June, 2021		

We encourage our students to be a part of this.

Regards
Team RVS
