SUMMER CAMP- 'I-INSPIRE: SEASON 2'

Dear Parents (Grades III-V),
Greetings !

Shall I compare thee to a summer's day?" —William Shakespeare

Exemplified by Shakespeare's quote; so simple yet speaking volumes, is a season so naturally associated with euphoria. The summer break is the most sought-after holiday we look forward to in a year with the vacation planning, visits to relatives, the buzzing with friends of the glossary of ideas. Yet, as we experience another year in absence of the familiar buzzing, we provide our students with an opportunity to keep the spirit alive.

RVS brings to you 'I – INSPIRE: Season 2'. The Summer Camp will include an array of activities that will help the students develop important skills that will be a combination of fun and learning, while keeping the integral social interaction alive. With every learning engagement, the students will imbibe skills that will help them to perform individual tasks or take actions to lead a productive and joyful life. Students can choose among any of the options of activities given under each week. In addition, the students can choose to partake in all/any of the weeks.

Grades III-V (Group 1)	Timings
