MINDSPARK

Dear Parents, (Grade III)

Greetings!

We are happy to introduce **Mindspark for our students of Grade III to V**, which is a personalized, computer- based, adaptive learning program for Mathematics, built specifically for children to learn at their own pace.

Mindspark questions are designed to help students learn with understanding. It has a rich content bank of various question types including interactives, games, and remedials making it go hand-in-hand with whatever is taught in the class.

Mindspark can be accessed by students from school as well as from home, by logging into **learn.mindspark.in**

Please find below the video to guide you through the steps of logging in to Mindspark.

[Logging in to Mindspark.mp4](#)

Kindly connect with the mathematics teacher for any further help at the below IDs-
Grade III -**gurjeet.k@ridgevalleyschool.org**

Warm Regards,
Ms Nidhi Tewari
Principal
