STUDENT LED CONFERENCE VI-A

Dear Parent,

Greetings!

A student-led conference is a preplanned meeting in which students demonstrate responsibility for their academic and co-scholastic performances by providing a review of their work for parents and teachers. SLCs help boost the confidence of students and uplift their communication and presentation skills by challenging them to ensure self-reflection, goal setting and leadership skills amongst other 21st century skills. We are glad to share with you that our young scholars of Grades VI-XII will be spearheading the first SLC session of the academic session 2022-23.
