RVS STUDENT INITIATIVE

Dear Parent,

Greetings!

At RVS we believe in empowering our students with the ability to acquire and practice the necessary skills to build a successful future. It gives us immense pleasure to share with you that Ishaan Chamoli of Grade XII has initiated two projects as mentioned below and we are looking forward for your support and cooperation for their successful implementation.

"SafeR with FRIENDS" App

SafeR with FRIENDS (First Responders in Emergency N Dire Situations) serves to be the go-to app for all kinds of emergencies and needs for support. Its applications range across medical emergencies, accidents, crime, elderly or differently abled care, blood donations, and more! Whenever you call for help on "SafeR with FRIENDS," the app sends out an alert to all other users for response in a certain radius with details of the emergency. Anyone and everyone can become a FRIEND - Blood Donors, NGO's, Individual Volunteers, Police, Para military and Fire personnel, Doctors, Nurses, Paramedics, Ambulance drivers, Scouts, NCC cadets, Home Guards, Civil Defense, Disaster Management and Search and Rescue Professionals, Mountaineers and Adventurists, Self Help Groups, Club members etc. The list is endless!

You can download the app as well as spread it further, taking a step towards mutually supporting each other when most required.

Currently available only on Android. Download Here -

<https://play.google.com/store/apps/details?id=com.safer.friends>

World Economic Forum - AI Youth Council India

Ishaan serves as the representative of India to the World Economic Forum's AI Youth Council and he is now establishing the National Chapter, AIYC India, which focuses on introducing technology and AI for students, using AI for good, its policies, and ethics.

They are now launching the forms to gain membership into AIYC India, starting with a low-intensity one month program to introduce students of all backgrounds and interests to technology and AI.

All students aged 13 and above can register themselves using the link below. All details are available within it -

<https://forms.gle/CvvHAIq1iMS9iUv7>

There are no set dates for the program and will be tailored to student availability which they'll be asked for after the forms have been submitted. If there are enough applications from RVS, we could also possibly conduct a separate program for our students post the final exams.

For the best interest of our student community, request you all to encourage your wards to enroll and share with friends and family.

In case of any clarifications, please feel free to connect with Ms. Neelu Singh at neelu.s@ridgevalleyschool.org.

Regards

Ms. Nidhi Tewari

Principal
