

**ILLUMINATING MINDS,
INSPIRING FUTURES**

Vision

To help build a sustainable, progressive future by nurturing and empowering generations of learners.

The future is here

The movement of humankind is cyclic and ecological.

Today, we are at the brink of the age of the Holocene, where holistic connections have to be created between our environment and technology.

Let the cycle of time help us to move into an ever-evolving future!

Mission

To deliver education that recognises the potential of each child through value, vision and harmony.

Meet Our Visionary Leaders

The managing board members of DLF QEC School- Ridge Valley are the driving force behind our commitment to excellence. Their unwavering dedication and expertise guide our school's mission, ensuring every child matters and each child is unique.

Dr Ashok Pandey
Director,
Ahlcon Group of Schools

A decade of building lives through learning

Welcome to DLF QEC Innovative School, a unique space where students learn, play, discover, create, dance, sing, and enjoy nature in a 6-acre green campus.

Nestled in the heart of the city, it embraces state-of-the-art infrastructure, centralised air conditioning, and is equipped with thinking spaces to cater to the needs of its students from Pre-nursery to Grade XII.

We foster social, emotional, physical, and scientific skills through collaborative centres of innovation – Maker & 3D Printing Labs, Film-making, Music & Dance Studios, a contemporary amphitheatre for performing arts and cultural events, an indoor mini-auditorium surrounded by a Science

Park, Herbal Garden, and a diverse range of sports facilities, such as a Skating, Lawn Tennis, Cricket, Golf, Basketball, and Volleyball, with indoor options of Chess, Table Tennis, and Badminton.

We deliver an international curriculum for the early years and identify potential talent in primary, middle, and high school students. As a two-section school with a 25:2 student teacher ratio, personalised learning is at the core of our approach. Each child's potential is identified and empowered, reflecting our belief that every child matters and each student is unique.

We are an Adobe Certified and Microsoft Showcase School. Our well-equipped classrooms seamlessly integrate technology with learning across various disciplines.

Working towards enhancing the learning journey of our

students, our collaborative classrooms, art & craft spaces, and specialised laboratories encompass dedicated labs for AI, Robotics, 3D learning, design thinking, tinkering, and immersive interdisciplinary experiences. Our school stands at the cutting edge of delivering quality holistic education.

The school also has remediation centres to scaffold children academically. They are a combination of play-based learning and group therapy with tailored support for each student.

Championing Excellence

Our Awards and Accreditations proudly affirm our commitment to holistic education. These accolades inspire us to nurture young minds and foster an environment of continuous growth, preparing students to excel in their future endeavours.

21st Century Learning

We believe in empowering each child by discovering their unique talents and competencies. With an emphasis on 21st century skills - critical thinking, creativity, communication, collaboration, technology, adaptability, global awareness, an entrepreneurial mind-set, media literacy, and environmental consciousness, we prepare our students to become global citizens, equipped with the knowledge and capabilities to thrive in an ever-changing world.

Inspiring Innovation

Our school leads the way in technology, robotics, and AI with contemporary laboratories. Our applied sciences tinkering labs inspire hands-on experimentation. The 3D printing facility fuels creativity and innovation. Guided by our expert faculty, students hone their critical thinking and analytical skills, bridging theory and real-world applications. They embrace curiosity and innovation while unravelling the captivating world of life sciences.

Tech-Driven Excellence

We lead in STEAM education with a CBSE-Meta collaboration. Our focus on innovation includes immersive technology - Robotics, Augmented and Virtual Reality. A dedicated faculty works with students for an engaging learning experience. Augmented reality is integrated into the curriculum enhancing collaboration and creativity. We nurture young minds and foster an environment of continuous growth, preparing students for the future.

As a Microsoft Showcase School, our teachers are trained in Adobe, Apple, and Google Classroom. We are recognised as Microsoft innovator educators.

Nurturing through Nature

The environment comes alive amidst nature's abundance. Our school offers students, a herbal garden experience, outdoor activities, and hands-on learning.

A dedicated horticulture team along with students maintain a green nursery and cultivate vegetables and other crops. The organic produce is generously shared with the community, embodying our commitment to sustainable practices.

We take pride in eco-friendly initiatives, reducing our carbon footprint. In this immersive journey, nature nurtures young minds.

Champions in Sports

Sports play a pivotal role in fostering holistic development. Students can explore outdoor and indoor sports activities ranging from Cricket, Football, Basketball, Tennis, Skating, Taekwondo, Golf, Swimming, Gymnastics, Chess, Table Tennis, etc. We take pride in our Sports Enrichment Program.

Igniting Creativity

Step into the dynamic realm of imagination and boundless creativity. We enrich and transform every child's journey through creative and performing arts.

Sound Bites

Our state-of-the-art recording and filming studio offers students a platform to explore their artistic talents, from film-making to music production, nurturing their creative expression.

Art and Music

We recognise the immense importance of art and music in education. Through visual arts, dance, and music, students are encouraged to think creatively, express emotions, and develop confidence.

Co-Scholastic Activities

Our diverse range of activities, clubs, and events enhance the overall development of students, fostering a passion for multiple interests and talents.

We celebrate individuality, personalised learning through Student Led Conferences and individualised portfolios. Students showcase their academic and co-scholastic achievements, embracing a unique journey of growth.

Our commitment to artistic expression paves the way for young minds to thrive and explore their true potential.

International Safety and Security Standards

Upholding premier safety and security standards, the school prioritises health and hygiene. With the latest medical facilities and cutting-edge fire equipment, as well as an on-campus ambulance, our school provides a secure environment. The auxiliary team of skilled and police-verified security guards, CCTV surveillance experts, housekeeping personnel, conductors, drivers, and gardeners all meet the quality standards maintained by DLF.

Our catering facility promotes healthy eating habits, free from junk food, nurturing a balanced and nutritious diet for our young learners.

For any medical needs, a well-trained nurse is always on campus, and a doctor on call is available. A fully equipped medical room and an ambulance on campus prepare us to address any need or emergency.

Celebrating Inclusion

Our progressive and sensitive Special Educational Needs (SEN) program, VCare, has been thoughtfully designed, with trained specialists, special needs educators, occupational therapists, and certified counsellors supporting children with disabilities. Each child is embraced with love and care, empowering them to evolve into confident, independent self-learners.

Our teachers know each student individually. A strong mentor-mentee bond, along with a buddy system, creates a supportive learning community. Children with conditions such as Autism, ADHD, learning disabilities, Dyslexia, Dysgraphia, Down Syndrome, and other disabilities are seamlessly integrated into the classrooms. From music, arts, and dance to cutting-edge subjects, they are encouraged to explore their passions and interests.

We embrace diversity and believe that every child's uniqueness adds value to our vibrant learning environment. Together, we nurture individual excellence and celebrate the limitless potential of every child.

Mentorship Magic

We believe in the power of mentoring young lives. Our unique mentor-mentee program fosters personalised attention, where every student is guided by a dedicated teacher who nurtures their academic and personal growth.

Parent Teacher Partnerships

We understand the vital role of parents in a child's life. By emphasising a strong parent-teacher partnership, we support and celebrate each student's journey.

Global Pedagogies

In our school, education knows no borders. Our dynamic pedagogies transcend geographical boundaries, with a diverse range of trainers and educators hailing from the USA, and South Asia. This enriches students' learning experience, with a global outlook.

Early Years Program: Pre-Nursery to Grade II

Our pre-primary is child-centric, seamlessly blending indoor and outdoor learning. We ignite the interests and enthusiasm of young minds. Aligned with the Early Years Foundation Stage (EYFS) of the United Kingdom, our curriculum spans vital areas of development.

Physical Development

Ample opportunities for active play co-ordination, control, and healthy choices, sets the foundation for lifelong well-being and learning.

Communication and Language

We create a rich language environment, building confidence, and expressive skills, empowering communication effectively.

Personal, Social and Emotional Development

Building positive self-perception, forming respectful relationships, developing social skills, and managing emotions which equip our little learners for the future.

Literacy Development

We kindle the love for reading and writing, encouraging children to link sounds and letters, and provide access to a wide array of books to ignite their curiosity.

Numeracy

Children embark on a journey of numbers, counting, addition, subtraction, and understanding shapes, spaces, and measurements.

Understanding the World

Through exploration and observation, children make sense of their surroundings, their community, environment, and the wonders of technology.

Expressive Arts and Design

We nurture creative expression through diverse media, encouraging sharing of thoughts, ideas, and emotions in art, music, dance, role-play, and design thinking activities.

Pre-Primary Curriculum lays the cornerstone of lifelong learning, preparing students to step out on in a challenging world.

Primary Years Program: Grade III to V

Our Primary Program offers a dynamic curriculum that engages and challenges students academically, combining comprehensive learning, individualised experiences, and hands-on activities.

Fostering Critical Skills

Problem-solving, critical thinking, and mathematical computation skills are honed through a balanced approach, ensuring well-rounded development.

Holistic Growth

Embracing technology, art and physical education, we provide opportunities for play, social interaction, teamwork, sportsmanship and leadership.

Our Program paves the way for young minds to flourish, equipping them with essential skills and values, ensuring a fulfilling journey of growth and learning.

Middle Years Program: Grade VI to VIII

Our Middle School curriculum is meticulously designed to cater to the diverse intellectual and developmental needs of students. As they progress from Primary to Middle School, they are empowered to feel, explore, create, reflect, and tackle challenges.

Tailored Experience

We provide a defined learning experience, addressing each child's specific needs, nurturing holistic growth.

Learning Through Art

The curriculum supports art as a medium of classroom transaction, laying a strong educational foundation for every student.

Our program aims to inspire a love for learning, instil problem-solving skills, and encourage creative thinking, nurturing well-rounded individuals, preparing them for secondary and senior secondary school and beyond.

Secondary School Program: (Grade IX to XII)

Our Secondary School Program aims to provide a stimulating and purposeful learning environment, offering a blend of national and international curriculum.

Holistic Learning

Acknowledging the importance of languages, Mathematics, Science, Technology, Arts, and Environmental Studies. Our curriculum focuses on metacognition and a growth mind-set. This approach encourages lateral and critical thinking, optimising students' potential for higher education.

Nurturing All Aspects

Our curriculum prioritises the physical, cognitive, emotional, and social development of students, equipping them with essential life skills.

We embrace a comprehensive approach to secondary education, empowering students to become lifelong learners and confident global citizens.

Community Outreach

Our community outreach program is an integral part of the curriculum. We believe that by involving ourselves in the community, we create compassionate and empathetic human beings. We support orphanages, widow rehabilitation homes, and intergenerational centres.

We volunteer wherever there is a national calamity and for critical national and international missions. We take up many social projects, which include blood donation camps, cancer awareness programs, and a number of initiatives for underprivileged children in the neighbourhood.

Parents Voices

I have been associated with Ridge Valley School since 2011. It is a student-centered school and the bond that the students, teachers, and parents share with each other is very strong. One thing that exists, and which I appreciate, is that 'the soul does not fade at RVS'.

- Kashika Upadhyay, parent of Sadya Upadhyay (Grade VI A)

One thing that the school has provided us with over the decade is the sense of security. Not just physical security, but also ensuring that kids stay innocent and engage in age-appropriate productivity.

- Amit Sondhi, parent of Aniruddh Sondhi (Grade XII A)

Both of our children have been at RVS since the beginning. We are very happy with the progress we have seen in the infrastructure and the co-curricular activities. I am glad that there has been an additional emphasis on the holistic development of my children, which is clearly evident.

- Anuj Arora, parent of Kyra & Karan Arora (Grade VII A & Grade III A)

I feel it is a good thing that kids are given food at Ridge Valley School. I have seen visible improvement in my kid as now he is willing to try a new dish. Watching other kids try different meals and eating together at Sangat is an encouraging thing and he now wants to try new dishes at home as well.

- Arushi Bhargava, parent of Rayansh Chopra (Grade I B)

I am very pleased with RVS's pedagogy of teaching, along with personalised attention and guidance that students get. All the Carpe diem activities also provide much-needed exposure for growing kids. I also appreciate all the efforts made by the teachers.

- Sweta Chaudhary, parent of Avni Chaudhary (Grade VI A)

The school infrastructure is brilliant. My daughter enjoys activities such as chess, basketball, football, and golf. The balance that RVS has created between academics and extracurricular activities is great. Carpe diem is also a wonderful concept.

- Sarabjeet Kaur, parent of Sehej (Grade III A)

My children have been studying at Ridge Valley School for the past 9 years. I must say that the school is wonderful, especially the teachers who managed to bring out the best in them. I am very happy with the school.

- Geetanjali Mathur, parent of Arika & Arav Mathur (Grade VIII A & XII)

The teachers at Ridge Valley School are really good and are always ready to help at any time for anything. The school has well-equipped laboratories where students conduct experiments for hands-on and experiential learning.

- Himabindu.N, parent of Amulya Nallabolu (Grade VI B)

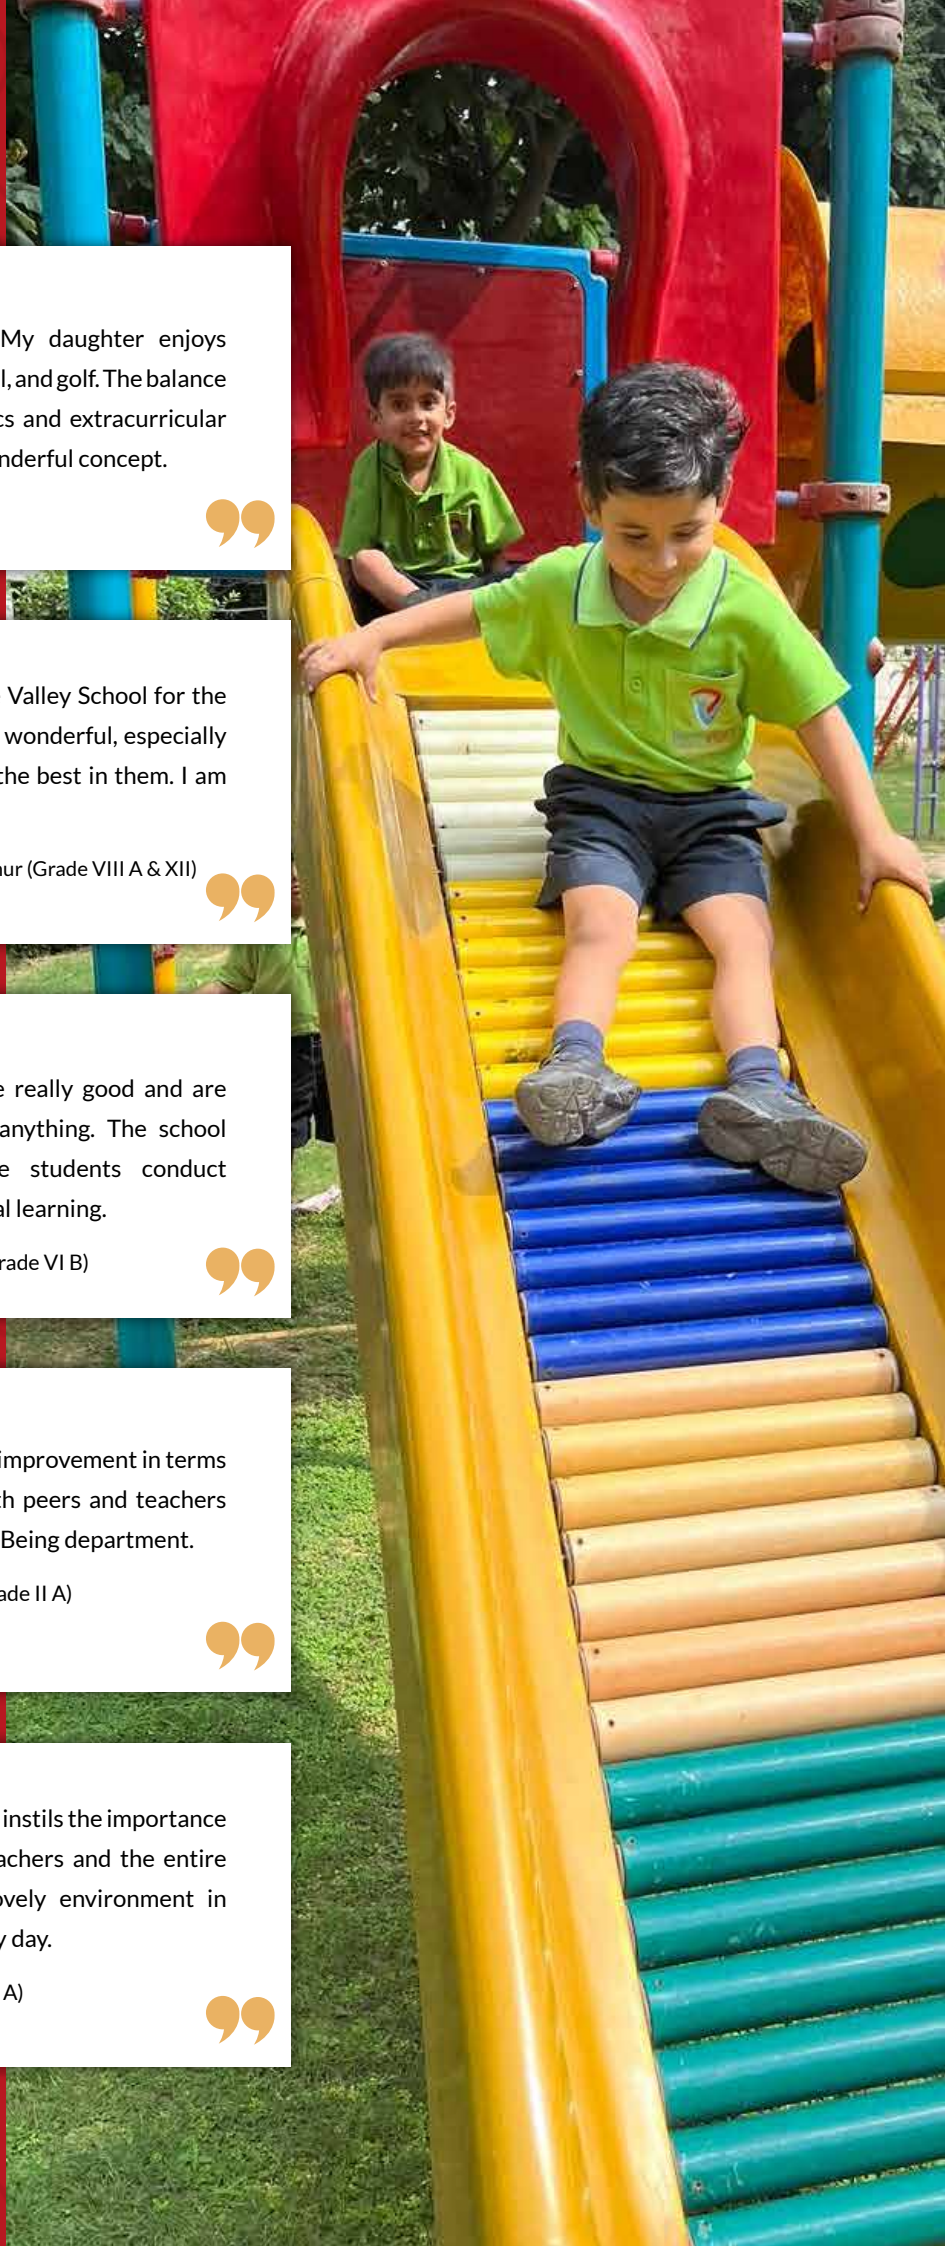

Veer has shown continuous progress and improvement in terms of his self-discipline and relationship with peers and teachers due to the continuous efforts of the Well-Being department.

- Reshma Pall, parent of Veer Pratap Singh (Grade II A)

Clean and hygienic environment at school instils the importance of 'Swachhata' in kids. We thank the teachers and the entire school management for making this lovely environment in school. My son loves going to school every day.

Neeta Murmu, parent of Aahan Saren (Grade I A)

*Value, vision and harmony,
a school with a heart*
