SUMMER ENRICHMENT WORK

Dear Parent,

As the summer vacation begins, it is time for our students to enjoy and nurture their bond with family, friends and relatives. Children are born with creativity and the innate curiosity to learn about the things around them. It is vital to help them keep this spark alive and to make learning fun. So, here we have some meaningful and creative activities to occupy the little ones in their free time.

This year's Summer Enrichment work focuses on discovering various Art Forms of India to enhance students' knowledge and appreciation of our rich cultural heritage. Each class has been assigned a unique Indian art form with creative tasks related to it.

MERAKI – an Exhibition of Scholastic and Co-scholastic subjects, scheduled in the month of July, will feature our students' work and will undoubtedly be a celebration of creativity and cultural expression.

The school will reopen on **Monday, 1st July 2024**. We encourage all students to complete and submit their Summer Holiday Homework, shared via ERP, within the first week of July.

Wishing you a wonderful vacation and happy family bonding time.

Warm Regards

Ms. Nidhi Tewari
Principal
