COMMUNITY OUTREACH PROJECT IN VRINDAVAN

Dear Parents (Grades IX & XI),

Greetings!

As part of Ridge Valley School's *Education for Life* initiative, we are offering students of Grades IX and XI the opportunity to participate in a special service project in Vrindavan. During this project, the students will serve the widow mothers supported by the Paramhansa Yogananda Charitable Trust, which provides physical, emotional, and spiritual care to those without family support.

This one-day trip, scheduled for **Friday, 27th September 2024**, will allow students to directly engage with the widow mothers—whether by sharing sweets and chocolates or simply spending time with them to build a personal connection. One of the most important life lessons is understanding that sharing with others enriches our own experiences, and through this trip, students will have the chance to learn this concept firsthand.

For more information about our partner NGO, please visit: <https://yoganandatrust.org/>.

Please note that as we can accommodate only 10 students on this trip, selection has been made on voluntary basis.

Kindly fill out the consent form handed over to your child and send it by tomorrow, 26th September 2024.

Warm Regards

Ms. Nidhi Tewari
Principal

Ms. Madhur Usgaonkar
Director
