PARENT SURVEY ON TEENS, PARENTS, AND SOCIAL MEDIA

Dear Parent,

In May, a few educators and parents from Ridge Valley had the opportunity to attend a Meta event in Delhi, "*Talking Digital Suraksha for Teens*".

In this event, the Meta team introduced the audience to the various safety features on their Instagram and Facebook platforms. The parents and teachers in the audience, representing multiple Delhi schools, had the opportunity to discuss social media usage by teens and ways in which parents can stay informed about social media safety features, especially for those who are less familiar with the various social media platforms which teens are using.

We are partnering with the 1M1B Foundation on a parent survey which aims to better understand the concerns from the larger Ridge Valley parent community regarding teens and digital safety. From the survey results, we will be working closely with 1M1B on solutions to increase parental confidence and knowledge about the world of social media. 1M1B will also be working closely with Meta to recommend solutions based on your feedback.

This survey is anonymous. Only the aggregated data will be shared by 1M1B with the school.

Please take a few minutes to share your thoughts, priorities, and experiences in keeping your teens safe online. Try to answer as truthfully as possible. If you have more than one student in grades 8-12, please fill the survey more than once.

The deadline for completing the survey is the end of the day on **Monday Oct 7**.

Follow this link to complete the survey: <https://forms.gle/a5tPqVppJka6sGcr5>

Thank you. We look forward to embarking on this journey of digital suraksha with you.

Warm regards,

Nidhi Tewari
Principal
